Sullivan County Legislators

SC Government Center

100 North Street

Monticello, NY 12701

To: Sullivan County Legislators

I am writing in regards to the proposed 2026 Budget for Sullivan County (SC) which you are currently reviewing.

As a Sullivan County homeowner and taxpayer for almost 30 years, I urgently request that you reconsider the proposed tax increase for 2026. This increase would be untenable for so many SC residents. Rather than place this financial burden on taxpayers, it makes much more sense to collect the money owed the County by Infiniticare, the consultant company running the Adult Care Center. As I understand it, up to 8 million dollars is owed the County by this company!

Please pursue this money to cover increases in the 2026 Budget rather than make residents of SC pay more in taxes. As elected officials, you owe the residents of SC an explanation for why you have not secured this money owed the County.

Thank you for your consideration.

Best,

*Maryallison*
