Infinite Care has changed it's name to Sunset Lake Consulting LLC. They have applied for a CON (Certificate of Need) to lease this facility to Sunset Lake SNF Operations, a subsidiary of theirs for twenty years. This is a death sentence for residents, who are already suffering because of the mismanagement of this facility.

After the legislators meeting on 8/14, I realize that the only interest they have, is to withhold funds from institutions that are helping the helpless. The chief accountant claims that the applications for payment to the different opioid help institutions were held up, due to incorrect information on the forms..

The applications are provided by the accountant's office and I have no doubt that this is noncense, since the same forms were resubmitted and held up for another 3 months. The money is still not released, although it is last year's allotment.

This is not fiction, because the moneys allocated for Covid needs, last year were used for highway repair, instead of A/C and roof repairs on the Adult Care Center.

It is apparent that the only interest our legislators have, is in funding their pet projects, and have no care for the welfare of the people who they are supposed to represent.

Please look into this ASAP

Thank you,  
Diane Mestanza
