

Sullivan Volunteers: A New Era

Bringing Generations Together

Program Purpose

Establishing a homegrown volunteer initiative following the end of AmeriCorps funding for local community support.

The AmeriCorps Seniors RSVP funding has expired.

This provides the opportunity to pivot the program to Sullivan Volunteers – our own county funded program meeting our own locally identified priorities.

Aiming to support Aging in Place and community organizations through dedicated local volunteers.

Introducing: Sullivan Volunteers

A dedicated initiative to engage community members in volunteering efforts in Sullivan County.

This program aims to foster community support through local volunteerism.

Sullivan Volunteers will empower residents to contribute their time and skills, enhancing the quality of life for seniors in our community while creating lasting connections among volunteers and those they serve.

Initial Program Priorities

Focusing on essential services for older adults in our community during 2025 and 2026.

Medical transportation will enhance access to healthcare services.

Home-delivered meals assistance will ensure proper nutrition for seniors.

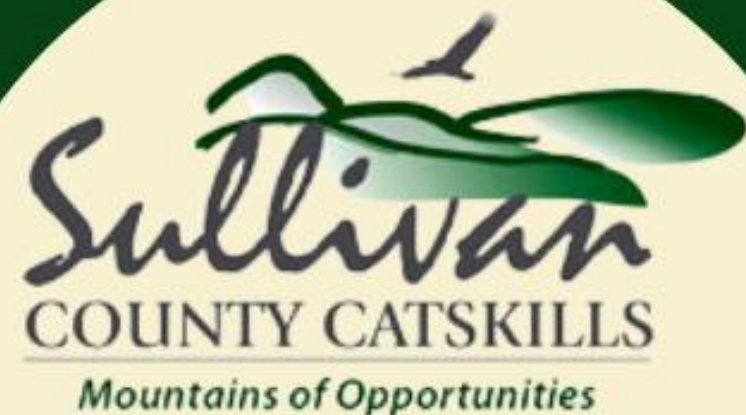

Nonprofit capacity support will strengthen community organizations serving older adults.

Intergenerational Expansion: Engaging Youth in Volunteer Service

We aim to create impactful mentorship programs and initiatives that connect youth with seniors, fostering community engagement and learning opportunities.
