

Star Hesse Public Comment-April 3, 2025
Government Services Committee Meeting

My name is Star Hesse, and I am a member of the Senior Legislative Action Committee of Sullivan County. I would like to make a brief comment and compliment the members of this committee on conducting this very concise, informative and well run meeting today. No one was shouting, there was an exchange of very helpful, useful information and even some follow up on items that may have been mentioned at other meetings but then fallen through the cracks. So many thanks to you all for today's proceedings and I hope that future Legislative Boards and Committee meetings will be conducted in the same informative and enlightened way.

Star D. Hesse, Narrowsburg, NY
