DVAA Connects

DVAA builds and forges active alliances and collaborations because none of us can do what we do on our own.

This includes State and County Government, Businesses, Schools, Arts and Social Services organizations, and more.

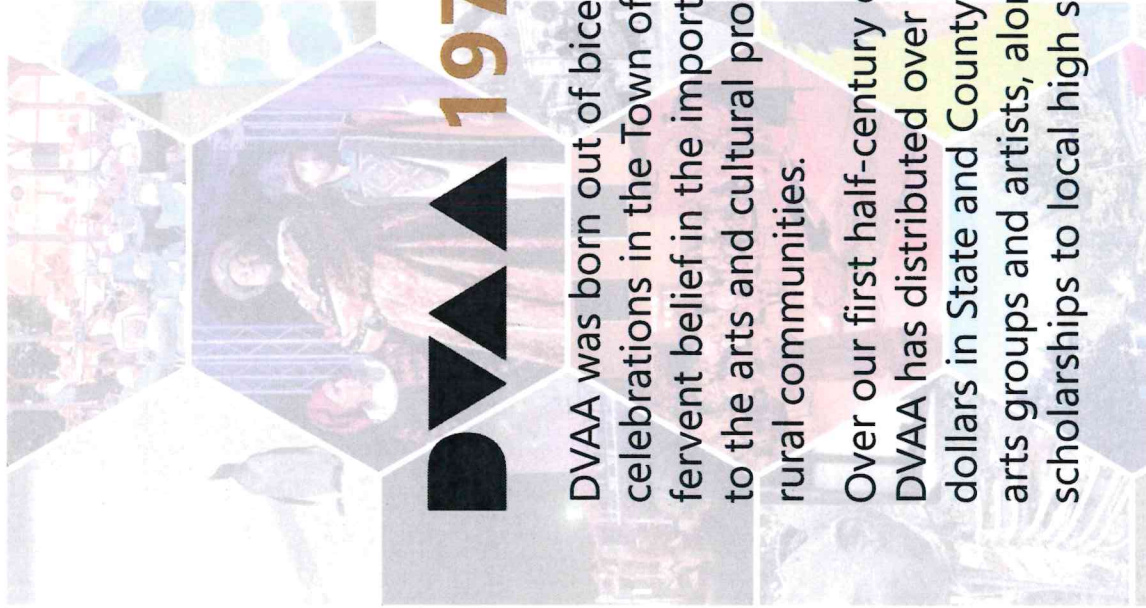

DVAA Leads

The Creative Economy is a key pillar in what makes Sullivan County a special place to live, work, and play in.

Working with DVAA, ensures that the County has a dynamic & experienced partner capable of fostering this growing sector – in a sustainable and equitable approach – for all generations, communities, residents and visitors alike.

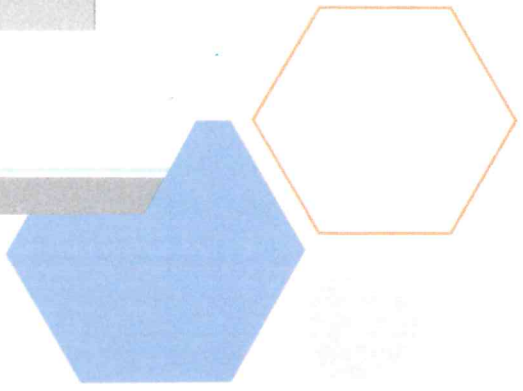

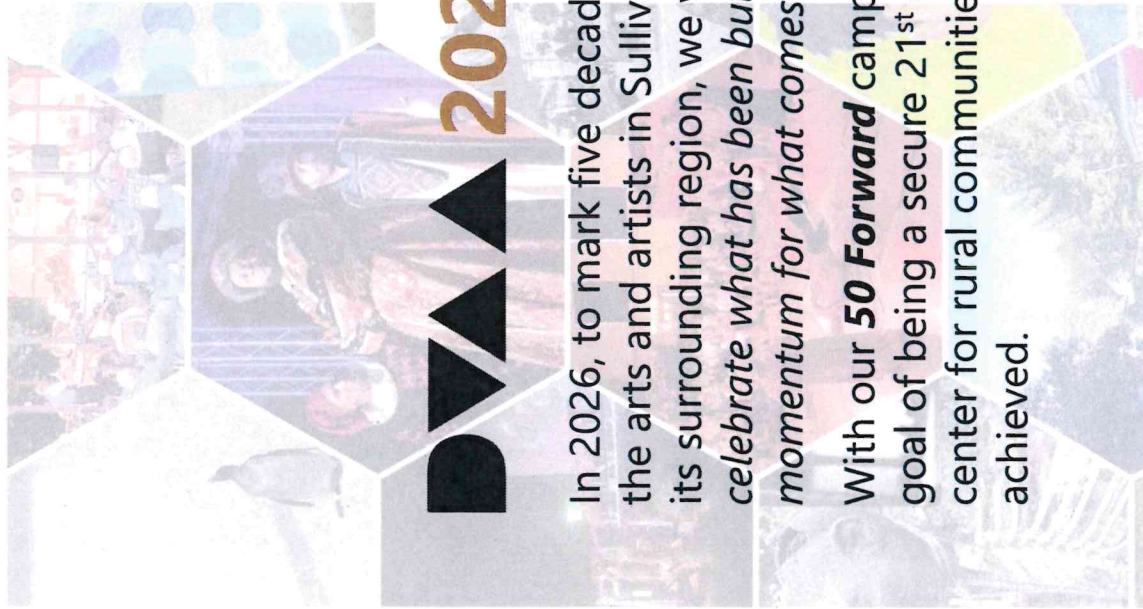

DVAA 1976

DVAA was born out of bicentennial celebrations in the Town of Tusten and a fervent belief in the importance of access to the arts and cultural programming in rural communities.

Over our first half-century of existence, DVAA has distributed over 1.5 million dollars in State and County funds to local arts groups and artists, along with scholarships to local high schoolers.

DVAA 2026

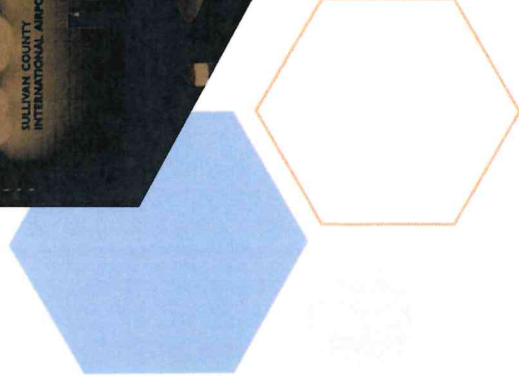

In 2026, to mark five decades of elevating the arts and artists in Sullivan County and its surrounding region, we will pause to *celebrate what has been built as we gather momentum for what comes next.*

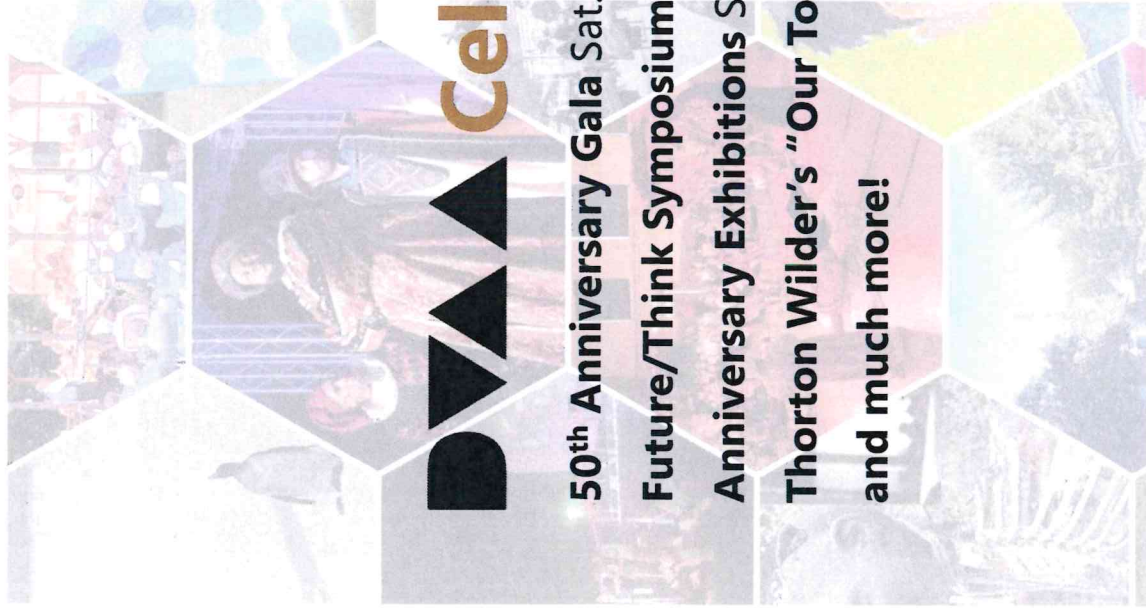

With our **50 Forward** campaign, DVAA's goal of being a secure 21st century arts center for rural communities will be achieved.
