MONTHLY REPORT FOR FEBRUARY 2026

Calls	Posts	Natural	Accident	Suicide	OD	Pending

- 1. The Coroner's Office has been operating with only two Coroners for the past month; and three prior for the past three months. Office has been quite active.**
- 2. County Purchasing Department submitted the 2026 contract to the hospital CEO and our office for the new cooler room upgrade. Hopefully, the maintenance department can begin room remodeling. Coolers are ready to be shipped to the Harris campus.**
- 3. The County has contracted with two additional Forensic Pathologists giving us a total of three for rotation performing postmortem examinations.**
- 4. FUTURE TOPICS OF DISCUSSION:**
 - a. Additional fee for multiple calls in one day for a Coroner.**
 - b. Temporary access to a four-wheel drive county vehicle during a severe winter storm.**

Respectfully submitted,
