### 911 Center Monthly Report

- We are preparing for our busy summer season. We generally see a three-fold increase in our call volume during the summer months. We are in good shape headed into summer.
- We are nearly completed rolling out our countywide subscription to IamResponding which is a cloud-based platform which is being shared with all Fire, EMS and our Sheriff's Office to supplement dispatch functions, text paging, leveraging smart-phones as pagers, and provides a communication platform within the agency.
- Our department has been meeting with the National Park Service to discuss some upcoming training exercises which will include communications.
- We attended the Sullivan County Fire Chief's meeting to discuss 911 Communications.
- Attended the Hatzalah pre-summer meeting/luncheon
- We are in the process of submitting (2) grant applications for both the NG911 grant program and the SICG Targeted Grant program, with the help of our grants office.
